Additionally, there are certain types of records that need to be retained for a longer period of time, as identified below.

Similarly, if an employee believes, or the Company requires that, Company records are relevant to litigation or potential litigation, then these records need to be preserved until the Legal Department advises otherwise. The policy should be reviewed periodically by the senior management and amendments effected to subject to approval of the Board if and when practical difficulties are encountered. The senior management may also review the policy on document retention to comply with any local, state, central legislations that may be promulgated from time to time.

The Company maintains a business continuity plan (BCP) designed to ensure safety of staff as well as members of the general public, safeguard the documents and records and to enable a

return to normal operating with minimal disruption. Detailed procedures for responding to an incident are part of the BCP

In the event of major incident, the first priority is the safety of the people, followed by immediate action to rescue or prevent further damage to the records. Depending on the immediate threat, emergency response and recovery actions will take precedence over all other Company activities.

The Company has made appropriate provision for the backup of its digital collections, including the provision of offsite security copies. The backup copies are actively maintained to ensure their continued viability. The Company's BCP ensures that the digital collections and technical infrastructure required to manage and access them can be restored in the event of an emergency.
